Dear Recruiter ,

I wish to express my interest in undertaking my national service at your firm, for the role of a mobile app engineer. Sufficient experience i have acquired in mobile app development with dart, flutter and fire-base, deems me qualified for the aforementioned role. Further ,my internship with one of the reputable software engineering companies in the country has had me abreast with knowledge pertinent to best software engineering practices and thorough experience with working on enterprise level applications. I wish to join your team , together your in pursuit of driving Africa forward by building and maintaining apps that work for Africa. I am kindly counting on your cooperation, thank you.

Yours sincere,

Mohammed Mubarek .
